

((NOISE,ALARM))

Precision Noise Control

Industry

Concert

Hospital

Exhibition and

Red = Noise level is too high

Yellow-orange = Early Warning

Green = Complying with regulations

Specification

dB Range : 45dB to 120dB

Mic Type : Omni directional

Mic Connector : BNC

Output Specification

Relay Max Power

1A 125VAC

2A 30VDC

Interface Type

Serial Communication (UART) supports

1. Interface with Software

2. Interface with Calibrator

Noise Indicator

Prevents Hearing Loss
